

The Political Dominance of The Cabal: by Mark Gorton

March 2, 2014.

The story of the American political cabal so powerful that it has been able to repress knowledge of its existence for 50 years, and the hidden history of the political force that has dominated American politics for the last 50 years.

Introduction:

About seven years ago, I became curious about the JFK assassination, so I started to read some books and to do some internet research on the topic. What started as a minor interest has grown over the years to a substantial passion of mine. I now have over 100 books on the topics of the JFK assassination and of the ensuing history of political corruption in the United States. I have discovered a hidden political history of the United States, a history that has not been covered by the mainstream media and that can only be found by those who search it out.

The federal government is much more corrupt than is generally known. The forces of government corruption are so powerful that they have succeeded in preventing the major news outlets in this country from covering this corruption. However, the freedom of the press has allowed the truth to be written in books.

A community of people who read many books has discovered a hidden history of America with corruption so profound and scary that it shocks the sensibilities of most Americans and drives the mainstream press to seek comfort in official government lies. The history of this covert battle for the heart of American Democracy is filled with stories that would make the Sopranos blush and Abraham Lincoln cheer. The obligations of American citizenship demand that every American citizen learn this history.

Overview:

Most Americans think our political system is corrupt. We take for granted that politicians can be bought and sold by corporate interests. We've seen wars started under false pretenses. We've seen scandal after scandal, but the corruption that is reported in the papers only scratches the surface of the true depths of corruption of the federal American government.

For, there exists a cabal which doesn't play by the rules. This cabal has been so powerful that it has been outcome determinative in 10 of the last 13 presidential elections. The cabal is ruthless. Its acts have included: domestic and international political assassination, treason, mass murder, drug dealing, systematic financial corruption, and criminalization of the judicial system. The tools of the cabal include domestic death squads, political prisoners, Orwellian control of the media, domestic spying and domestic (and international) terrorist attacks. The cabal has partnered with some of the worst people on earth including, Nazis, drug dealers, terrorists, mass murders, the mafia, cults, child molesters, and pedophiles. In many cases, members of the Cabal differ from the previously listed groups only by their veneer of respectability.

Frequently, the Cabal has had control of the executive branch of the federal government and with it most of the law enforcement agencies in the country. At various times, the senior leadership of the FBI, Dept of Homeland Security, CIA, FAA, NTSB, Justice Department, DEA, and ATF have been controlled by the Cabal and rather than stopping corruption, these law enforcement agencies have become agents of organized government corruption. In addition, elements of the Cabal have been buried within the above listed federal agencies and have been active even at times when the Cabal has not explicitly controlled the presidency.

At various times in the last 50 years, the federal government of the United States of America has become a criminal dictatorship. The institutional forces and players that have made the US a criminal dictatorship in the past are still active.

A rough outline of the history of the Cabal:

And a whole lot more.

Orwellian control of the media:

"You could get a journalist cheaper than a good call girl, for a couple hundred dollars a month." - CIA operative discussing with Philip Graham, editor Washington Post, on the availability and prices of journalists willing to peddle CIA propaganda and cover stories." Katherine The Great," by Deborah Davis (New York: Sheridan Square Press, 1991)

The degree to which the Cabal has been able to control the mainstream media is hard to accept for most people. By co-opting high level (senior management, ownership) and low level (reporters, editors) staff at the major media outlets in the United States, the Cabal has been able to exert control over the media that most people find shocking. Some of the largest, most respected media outlets (NY Times, Washington Post, LA Times, Time magazine, etc.) have at times been accessories to the crimes of the Cabal by explicitly disseminating disinformation and covering up for the Cabal.

John Swinton, the former Chief Editorial writer for the New York Times, was one of New York's best loved newspapermen. Called by his peers "The Dean of his Profession", John was asked in 1880 to give a toast before the New York Press Club, and in so doing, made a monumentally important and revealing statement. He is quoted as follows:

"There is no such thing, at this date of the world's history, in America, as an independent press. You know it and I know it. There is not one of you who dares to write your honest opinions, and if you did, you know beforehand that it would never appear in print. I am paid weekly for keeping my honest opinion out of the paper I am connected with. Others of you are paid similar weekly salaries for similar things, and any of you who would be so foolish as to write honest opinions would be out on the streets looking for another job. If I allowed my honest opinions to appear in one issue of my paper, before twenty-four hours my occupation would be gone. The business of the journalists is to destroy the truth; to lie outright; to pervert; to vilify; to fawn at the feet of mammon, and to sell his country and his race for his daily bread. You know it and I know it, and what folly is this toasting an independent press? We are the tools and vassals of rich men behind the scenes. We are the jumping jacks, they pull the strings and we dance. Our talents, our possibilities, and our lives are all the property of other men. We are intellectual prostitutes."

Project MOCKINGBIRD has been a very successful CIA project to control the domestic media in the United States. Over the years, the CIA has spent hundreds of millions or billions of dollars in a very successful effort to control the media. Carl Bernstein reported in his 1977 article "The CIA and the media" that over 400 American journalists were on the payroll of the CIA.

In cases where the Cabal has not been able to control journalists, they have killed journalists who have gotten too close to the truth. The following is an abbreviated list of some of the journalists who have been killed for reporting on the crimes of the Cabal. The combination of effective control of most of the major media outlets in the country along with the killing of dissident reporters has proven very effective.

The size and scope of the illegal government run covert domestic propaganda machine is beyond the comprehension of most people. The CIA has never allowed the size of its media and propaganda budget to be released, but bits of information have slipped out over time that allow for budgetary estimates to be computed. In 1978, the CIA propaganda budget was estimated to be \$265 million and involved 2,000 personnel making it larger than the combined budgets of Reuters, United Press International and the Associated Press.

The Machinery of Domestic Death Squads:

Perhaps the most shocking aspect of the Cabal's activity is the existence of death squads that operate within the confines of the United States. However, a study of the JFK assassination and the many other follow on conspiracies shows a pattern of killings of inconvenient witnesses, journalists, and other people who know too much or pose a threat to the Cabal. These killings are frequently made to look like accidents or suicides. A study of the deaths of these people shows a pattern in how the Cabal operates.

The JFK assassination created the need for the Cabal to kill many people who threatened to expose the Coup. During all of Lyndon Johnson's term as president, the Cabal was in complete control of the federal government, and the Cabal had an extreme need to do whatever it took to prevent the discovery of the truth behind the Kennedy assassination. Given huge federal resources and a high level mandate, the Cabal was able to build a machine which was capable of killing Americans on US soil and get away with these killing.

Each killing has two aspects, the actual killing and the control of the investigation. During the 1960's, the Cabal built a machine capable of controlling local investigations of crimes. By using federal law enforcement agencies (FBI, ATF, CIA, NTSB, etc.), the Cabal has been able to exert control over local law enforcement agencies. In addition, the CIA, FBI and other federal agencies have developed cooperation programs with local law enforcement agencies which serve as a mechanism to influence local investigations of crimes. Frequently, the matter is as simple as criminal elements of the FBI approaching local law enforcement agencies and claiming a national security aspect to the case which requires federal oversight of the case. In today's environment, terrorism can be invoked as a rationale for the federal oversight.

So who are the death squads? The actual killers can take many forms.

CIA assassins: the CIA keeps on its payroll people who are just straight old fashioned hit men. Some of these guys perform only "official" missions. However, a minority become close with the Cabal and behave like mob hit men. One example of this sort of person is David Morales: <http://www.spartacus.schoolnet.co.uk/JFKmorales.htm>

CIA specialist hit teams: These teams have special skills such as downing aircraft, poisoning, inducing heart attacks, etc.

US special forces personnel: members of various SEAL and Delta Force teams, Green Berets, etc. Frequently these guys work with the CIA on various "official" projects (Phoenix Project in Vietnam, etc.) and then some of them are brought over to the dark side. In many cases, they are given an assignment and told to eliminate a person because that person is a threat to national security, and they don't understand the real reasons for their killing. An example of a Green Beret who was tasked with killing a witness who knew too much about the JFK assassination is

Colonel Daniel Marvin (<http://www.spartacus.schoolnet.co.uk/JFKmartinD.htm>). He was tasked by the CIA with killing Lieutenant Commander William Pitzer who filmed JFK's autopsy. Daniel Marvin tells his story in part VI of The Men Who Killed Kennedy (<http://www.youtube.com/watch?v=iqpW89lhnE0>). Pitzer was killed on Oct 29th, 1966. His death was declared a suicide.

Mafia hit men: The CIA has maintained a close working relationship and in cases business partnership with the mafia. And mafia assassins may execute CIA hits.

International drug cartel assassins: The close working relationship between the Cabal and international drug cartel's has allowed the killers associated with the drug cartels to perform missions for the Cabal from time to time. For example, in 1986, Barry Seal was killed by Cali drug cartel assassins at the behest of GHW Bush. See <http://educationforum.ipbhost.com/index.php?showtopic=20001> for more of this story.

Corrupt elements of international intelligence agencies: The Cabal has allies in a large number of international intelligence agencies, particularly Mosad. Assassination teams from these organizations are sometimes used for various hits.

Programmed killers: The CIA has invested a large amount of money developing programmed killers. This program was known as MKULTRA: http://en.wikipedia.org/wiki/Project_MKUltra. This pool of killers has been drawn upon to provide the front man for the RFK and George Wallace shootings. For a good example of a MKULTRA type hit, please see: http://www.salon.com/2012/12/02/better_than_bourne_who_really_killed_nick_deak/

The organization and structure of the Cabal/secret government:

The Cabal exists as a series of informal networks of people. The Cabal does not exist as a formal organization, although relationships formed through other organizations (CIA, Counsel on Foreign Relations, Skull and Bones, etc.) are a key part of the network structure of the Cabal.

The secret government has members both within government and without. The hierarchy and the reporting structure of the Cabal has evolved over time, but several powerful groups have been important guides and backers of the secret government over time. Key backers of the secret government are the Rockefeller, Bush and Dulles families and very powerful Eastern business interests. The Counsel on Foreign Relations (dominated by the Rockefellers) has been a key guiding policy and political force over time. Similarly, some major Texas oil families (Hunt, Murchison, Byrd) have been key long time supporters of the Cabal. These wealthy, powerful forces fund, guide and support the secret government, but rarely do they get their hands dirty.

Within government are networks of individuals who report to a parallel command structure outside of the constitutional government framework. These individuals are spread throughout the federal government (and to a limited extent) state and local government. Members of the secret government are concentrated in intelligence, law enforcement agencies and the military. Specifically, the main government agencies permeated by the secret government are the CIA, FBI, military intelligence, Justice Department, DEA, ATF, etc. Only a small fraction of the people in these agencies are associated with the secret government. However, the higher in the organization one goes, the greater the likelihood of a person being associated with the secret government. Frequently, the same small group of people will engage in a series of criminal activities that span decades.

The secret government is a dynamic animal. It changes form and location over time. Associates of the secret government behave like a fraternity and help each other prosper in their careers over time.

Information within the secret government is highly compartmentalized and given out on a need to know basis. Only a very small number of people (maybe a few dozen) have a wide ranging view of the activities of the Cabal. Most members of the secret government do things that they consider to be nasty and political without knowing the full range of criminal activity they are supporting.

The people with the clearest view of the true illegal nature of the criminal activities of the Cabal are the people at the very top, their very close senior advisers, and then the on the ground assassins, etc. from whom cannot be hidden the nature of their crimes.

A Brief Summary of Some Major Events:

JFK Assassination:

Full scale Coup d'Etat. Enormous conspiracy. Prime mover is LBJ. Co-CEO, Allen Dulles (former head of the CIA fired by JFK for Bay of Pigs fiasco). Other senior players J. Edgar Hoover (head of the FBI), Curtis LeMay (chairman of the joint chiefs of staff), HL Hunt and Clint Murchson (Texas Oil men). Organizations/groups involved CIA (operationally in charge of the hit), FBI (ran the cover-up), US military (took care of the autopsy, and was available for never used contingencies in case things went wrong). Also involved are the mafia, anti-Castro Cubans, and right wing racists.

The actual assassination had 6 shooters. Here is my take on who they were: Lucian Sarti, behind fence beyond grassy knoll, Corsican Mafia assassin; Mac Wallace, on 6th floor of Texas book depository, LBJ's personal hit man, Loy Factor, on 6th floor of Texas book depository, dumb Indian recruited by Mac Wallace; racist KKK dude (get name), Dallas police office, on roof of Daltex building, (get name), and unknown guy on 2nd floor of Daltex building. Franks Sturgis (CIA).

Lee Harvey Oswald did not fire a shot and did not kill anyone. He was a CIA contract operative who was set up as a patsy. Jack Ruby had very strong mob ties. He testified that LBJ was behind the assassination.

The Warren Commission was a total cover-up. Coup leader Allen Dulles is the most active and dominant member of the commission. Gerald Ford reported on secret commission discussions to J Edgar Hoover of the FBI. The FBI controlled much of the investigation and destroyed or fabricated evidence as needed to fit the lone nut hypothesis.

The cover up of the assassination was an even larger operation than the assassination itself. For 15-20 years after the assassination, death squads are deployed in the US to kill people who know too much about the assassination.

RFK Assassination:

A follow on the JFK assassination. The Cabal behind the JFK assassination could not allow Bobby Kennedy to become president, so they had him killed. Sirhan Sirhan was an MKULTRA assassin/patsy. Thane Eugene Cesar, a security guard that accompanied RFK, fired the fatal shot.

The cover-up was run by an element of the LAPD that was trained by the CIA. David Morales, who was one of the main CIA players in the JFK assassination, ran the program that trained the LAPD cover-up unit.

Martin Luther King Assassination:

As MLK evolved from being a civil rights leader to taking on the issues of the Vietnam war and poverty and having the potential to organize the lower classes of society, he became a significant threat to the corrupt US power structure.

At a high level his assassination is planned and authorized by J. Edgar Hoover, military intelligence chief Major General William Yarborough and other senior members of the US government. It is unclear how much beyond the FBI and military intelligence is the government authorization of the killing.

The actual assassination is handled by elements of the Memphis police and local mafia elements at the request of New Orleans mafia kingpin Carlos Marcello. James Earl Ray is the fall guy. He is set up and had no involvement in the killing. A back up team of snipers "Operation Detachment Alpha 184 team" under the direction of 902nd military intelligence group are present in Memphis the day of the assassination as a back up in case the mafia/Memphis police department team does not get the job done. However, although they have MLK in their sights, they are not required to fire.

Military intelligence and the CIA have involvement with the Memphis PD elements who carry out the execution. The FBI helps with the cover up. Interestingly, there are hints that Jesse Jackson may have been complicit in the conspiracy.

At a 1999 press conference, Coretta Scott King stated that "there is abundant evidence of a major high level conspiracy in the assassination of my husband, Martin Luther King, Jr. ... the conspiracy of the Mafia, local, state and federal government agencies, were deeply involved in the assassination of my husband. The jury also affirmed overwhelming evidence that identified someone else, not James Earl Ray, as the shooter, and that Mr. Ray was set up to take the blame."

Watergate:

A CIA run Coup to depose Nixon to prevent him from uncovering the ugly secrets of the JFK assassination. GHW Bush is either a senior planner or the senior member of the conspiracy to take down Nixon.

The CIA had been working to booby trap the Nixon administration since 1966 (before Nixon was even an official candidate for President). The CIA spied on Nixon by bugging the White House, and the Cabal also had agents as senior members of the Nixon administration. Nixon had a reputation for being paranoid, however, he was not paranoid enough. He was surrounded by enemies from the Cabal.

The burglars who break into the Watergate office complex were led by E Howard Hunt, who was highly involved in the JFK assassination. He later issued a death bed confession of his involvement in the JFK assassination. He was also photographed at Dealey Plaza on Nov 22, 1963.

Bob Woodward is ex-Naval Intelligence who is placed at the Washington Post. His old intelligence connections feed him misinformation that he inserts as reporting into the Washington Post.

A false scandal is created to entrap VP Spiro Agnew. Agnew is forced to resign putting Cabal member Gerald Ford in place to become president.

October Surprise:

During the 1980 presidential election, GHW Bush and Reagan were concerned that Jimmy Carter would be able to secure the release on the American hostages being held in Iran. In order to delay the release of the hostages until after the election, GHW Bush, Bill Casey and a bunch of other Cabal scumbags arranged to pay the Iranians \$40 million cash and arrange for billions of dollars of US weapons to be stolen from US weapons stockpiles in Europe and shipped to Iran.

The October Surprise came very close to being widely exposed and many people who had knowledge of elements of this operation had to be killed. Both Senator Tower and Senator Heinz were passengers with GHW Bush on Bush's BAC 111 flight to Paris, and as such, were aware that Bush made this trip which Bush later denied. Both Tower and Heinz died in separate plane crashes only 1 day apart in 1991.

Oklahoma City Bombing:

A government run domestic terrorist attack. Elements of the FBI and ATF were involved. Most likely ordered at the highest level of the federal government. In 1995, Bill Clinton is the only person of whom I am aware who had the authority to order such an attack and see that the cover-up was run properly.

The ATF staff located in the Murrow office building in Oklahoma City received advanced word of the bombing and did not show up at the office that day. However, this advanced warning was not passed to the people running the day care center in the building and 19 children under the age of 6 were among the 168 people killed. Timothy McVeigh was the pesty in this attack.

9/11

A false flag attack (where an attack is made to seem to be from someone other than the real perpetrator) led by the Bush family, Dick Cheney and the Saudis. Osama Bin Laden did not plan or orchestrate the 9/11 attacks. They were most likely conceived by GHW Bush and his inner circle. The planning, training and coordination of the hijackers is done by the Saudi royal family, Saudi intelligence and companies closely related to Saudi intelligence.

Anti-terror defenses in the US are systematically disabled by members of the Cabal placed within the anti-terror operations of the CIA (Alec Station.) Honest investigator John O'Neill of the FBI is prevented from doing his job by a bogus internal investigation that centered on a briefcase he had misplaced for a few hours.

Connections between high level Saudi officials and the hijackers are suppressed by Dick Cheney and the Bush administration. The 9/11 Commission is rigged to produce a false report. Torture is used to extract false confessions from al Qaeda members who did not plan the operation.

The motive for the attacks is to allow for a pretext for the Iraq war and the large scale profiteering opportunity provided by such a war.

26 things you might not know about 9/11:

- 1) The hijackers likely received pilot training and practice on real 757 and 767's at the secret CIA airbase Pinal Airpark from the Saudi Intelligence linked company Dallah Avco. Dallah Avco employee Omar Bayouni provided housing and support for three hijackers.
- 2) Prince Bandar Bin Sultan's (Bandar Bush) wife funded some of the hijackers through cashiers checks.
- 3) Prince Bandar had helped fund George HW Bush's illegal Iran-Contra operation back in the 1980's.
- 4) Prince Bandar was so close to the Bush family that the Bush family nicknamed him Bandar Bush.
- 5) When Senator Bob Graham tried to pursue an investigation of the Saudi connection to the hijackers, Dick Cheney threatened him with a criminal probe for "leaking classified information" if he did not back off.
- 6) Saudi pilot hijacker Hani Hanjour had lived in the town of Marana, AZ near the secluded desert facility of Pinal Airpark. At the same time, Blackwater was one of several operators who used Pinal Airpark to train covert flight crews.
- 7) On June 1, 2001, the National Preparedness Review group headed by Dick Cheney changed longstanding US policy regarding intercepting errant aircraft. Prior to the policy change, NORAD routinely intercepted aircraft which were a concern. The FAA reported 67 fighter interceptions of aircraft of concern between Sept 2000 and June 2001. After June 2001, the approval of the secretary of defense was required to intercept an aircraft. And between June 2001 – October 2001, fighter interception of aircraft came to a near halt. In 2005 US Air Force lieutenant colonel Robert Bowman said, "If our government had merely done nothing – and I say that as an old interceptor pilot and I know the drill, I know what it takes, I know how long it takes, I know what the procedures are, I know what they were and I know what they changed them to – if our government had merely done nothing and allowed normal procedures to happen on the morning of 9/11, the twin towers would still be standing and thousands of dead Americans would still be alive." [The Road to 9/11, pages 207-209]

- 8) Many of the hijackers were deliberately allowed to circumvent the terrorist watch list with aid of certain elements of the CIA.
- 9) The seeds of the Islamic US based terrorism are planted in the US by the CIA.
- 10) Between Jan 20 – Sept 10, 2001, President Bush briefed on Al-Qaeda over 40 Times.
- 11) However, the intelligence briefings on Bin Laden are unable to cite a single verifiable source of information linking Bin Laden to the planning of the attacks.
- 12) The only evidence against Khalid Sheikh Mohammad (KSM) the supposed mastermind of the 9/11 attacks was his own confession extracted after 2 years of torture.
- 13) President Bush was briefed by Condoleezza Rice about the suicide attack on the WTC at 8:55 AM. Then without activating any air defenses, he proceeded to join the 2nd grade class.
- 14) The Ghazzawi family, a Saudi family with links to powerful Saudi prince Sultan bin Salman bin Abdul Aziz Al-Saud, provided assistance to hijackers in Sarasota, Florida.
- 15) A hit squad has been killing people in order to hide the nasty truth behind 9/11.
- 16) Certain FBI operational units were used in both the 9/11 plot and the Paul Wellstone assassination. (get details) from American Assassination.
- 17) Within 6 hours of the 9/11 attacks, Cheney is already working to implement the Patriot Act and roll back the rights of Americans. (From Angler)
- 18) From 1993 – 2000, Marvin Bush was a principal in a company call Securacom that provided security for the WTC, United Airlines and Dulles Airport.
- 19) On Sept 29th, 2002, Marvin Bush's 62 year old nanny, Bertha Champagne, is driven over by her own car at Marvin Bush's house.
- 20) 9/11 commission is a complete cover up., 3 of the 4 people who oversaw 9/11 commissions wrote books complaining about the cover up.
- 21) In Sept 2000, the neoconservative think tank Project for the New American Century whose members include Cheney, Jeb Bush, Rumsfeld, Wolfowitz and Scooter Libby produces a report with plans for the US to take military control of the Gulf. However, PNAC complains that the political will for these plans may be lacking, “absent some catastrophic and catalyzing event – like a new Pearl Harbor.”
- 22) John O'Neill, the FBI's best Al-Qaeda expert, is harassed by a pointless investigation into a briefcase with classified information that he misplaced for a couple of hours over a year prior. The briefcase was locked and never touched. This investigation prevents him from stopping Al-Qaeda and forces him into retirement.
- 23) Insiders with prior knowledge of the attacks was able to profit in the financial markets. Huge number of put options on the stocks of American and United Airlines were purchased between Sept 6th and Sept 10th, 2001. However, when investigators tried to look into this insider trading, these investigations were not permitted to move forward and “all are treating these inquiries as if they were state secrets.”

24) Former Deputy Assistant Secretary of State, Dr. Steve R. Pieczenik said that he was prepared to testify in front of a grand jury that a top general told him directly that the 9/11 attacks were a false flag inside job.

25) Between July 4-14 2001, Osama bin Laden received treatment for kidney disease at the American hospital in Dubai. While at the hospital, bin Laden was visited by the CIA station chief in Dubai. Despite being on the most wanted terrorist in the world and having knowledge and interaction with bin Laden, the CIA allows bin Laden to leave Dubai unmolested.

26) 9/11 was a false flag attack whose purpose was to create a pretext for the war on terror. The ultimate perpetrators of the 9/11 attacks were the Bush Family, Cheney and the Saudis.

Richard Nixon's relationship to the Cabal:

In 1945, Richard Nixon was a US Navy lawyer assigned to look in captured Nazi documents which showed Nazi collusion with Allen Dulles. In exchange for helping to cover up the Dulles war time treason, Allen Dulles and Prescott Bush agreed to help finance Nixon's political career.

In 1946, Nixon was able to win election to the house of representatives with the help of large financial contributions from the Eastern business allies of Dulles and Bush. In 1947, the Dulles brothers took Nixon under their wing and escorted him on a tour of Fascist 'freedom fight' operations in Germany. Through the late 1940's and early 1950's, Nixon proved himself as a loyal ally of the Dulles Brothers and the Bush family. In return, Prescott Bush was instrumental in selecting Nixon as the Vice Presidential candidate in 1952.

Nixon was in the odd position of being an ally of key Cabal members while never being a member of the inner circle. Nixon was politically ambitious and willing to work with distasteful people and do distasteful things in order to further his political career, yet at the same time, he resented being dependent on these powerful, corrupt interests.

Once Nixon was elected to his second term as president, he achieved a degree of independence that made him a danger to the Cabal. Deep down, Nixon was never as corrupt as core Cabal members, and toward the end of his first term, he began making plans to purge the entire senior leadership of the CIA. Unfortunately, Nixon did not realize the the CIA had the White House bugged and his senior staff filled with spies. So the Cabal leadership was well aware of Nixon's plans. Nixon had a reputation for being paranoid. Yet he was not paranoid enough. His enemies had him surrounded to a degree which he did not understand.

Although Cabal members put Nixon on his path to power, they never trusted Nixon, and as early as 1966 (before Nixon is even an official candidate for President), the Cabal is working to booby trap Nixon's administration, and in 1973, after Nixon has stopped being a compliant servant of the Cabal, they set off the booby trap in the form of the Watergate Coup, and they pull Nixon down from power just as they put him up.

Bill Clinton's relationship to the Cabal:

Ambitious young Bill Clinton was recruited by CIA London station chief Cord Meyer as a CIA asset in 1968 when he was at Oxford. From the point of view of the CIA/Cabal, Clinton must have made an ideal target. He was smart, charismatic, ambitious, and he could not keep his dick in his pants. That combination of traits made him very controllable. I suspect that Clinton was completely compromised before he ever met Cord Meyer. The CIA funds Clinton's trips around Europe and the Soviet Union at this time.

The Cabal is always on the look out for young talent to groom for the next generation. Bill fit all the qualifications that the Cabal looks for in prospective young members.

In 1974, 27 year old Bill Clinton, only months out of Yale Law School, is back in Arkansas eager to run for congress. Despite being a relative unknown, Clinton quickly enjoys a 7 to 1 fund raising advantage over his nearest Democratic rival and a 2 to 1 advantage over his well supported GOP opponent. Much of the early funding for his campaign comes from Arkansas organized crime figures prominent in the illegal gambling and drug money laundering businesses. Clinton loses this election, but his fund raising prowess puts him on the map in Arkansas.

Clinton is elected governor of Arkansas in 1978, his tenure as governor is characterized by dealings with Arkansas criminal elements involved with drug money laundering and illegal gambling. Clinton is a very accommodating governor for the Dixie mafia. Money laundering and financial fraud prosper through Arkansas state bond issues. Most of this corruption is local, but Little Rock financier, Jackson Stephens is involved with national and international financial fraud.

By the early 1980's, Arkansas, under the protection of Bill Clinton, becomes the number one drug transshipment point for the CIA pipeline bringing drugs to the US from Central and South America. George H.W. Bush runs the Cabal and the federal drug trafficking. Bill Clinton is the state level representative for CIA drug trafficking. By being a key figure protecting, organizing and allowing to prosper the CIA drug network, Bill Clinton earns his Cabal membership. Clinton's own criminal involvement insure that he will not do anything to expose Federal government criminality.

As a Cabal member in good standing, Clinton is selected by George HW Bush as the Cabal representative for the democratic party, and his rise on the national level is supported and financed by the network of powerful interests that support the Cabal. The Cabal had the 1992 election wired with both Republican and Democratic candidates drawn from its ranks.

Although, Clinton is a member in good standing of the Cabal, he is never admitted to the inner circle of the gang. During Clinton's time in public office, the Cabal had pretty much coalesced around the Bush family. However, the dark elements of the secret government are always happy to make themselves useful to the president of the United States, and during Clinton's time as president dozens of people who had personal knowledge of Clinton's criminal activity conveniently died while Clinton was President.

It is unclear to me whether Clinton or a very close associate order these deaths or whether elements of the secret government proactively took it upon themselves to kill people who posed a threat of exposing Clinton. It may be that by eliminating problems for Clinton, the secret government proved itself to be very useful to

Clinton, and he was both thankful and in no position to question these killings. It is possible that by killing threats to Clinton, the secret government both proves its utility to Clinton and further binds him to the Cabal. The more Clinton is in the debt of the Cabal, the more freedom the Cabal has to operate within the Clinton administration.

[Write about Waco and Oklahoma City].

What the Cabal is trying to do today:

Provoke a new cold war with Russia.

Start a war in Syria.

Create a bogus threat of computer attacks.

Get Jeb Bush elected president.

The Bush Family Criminal Rampage Through History:

Starting at WWII. Earlier criminality is outside the scope of this document:

1924-1952 – Prescott Bush acts as the US representative of Nazi financial interests.

Prescott Bush served as a business partner of and U.S. banking operative for the financial architect of the Nazi war machine from 1926 until 1942, when Congress took aggressive action against Bush and his "enemy national" partners.

The documents also show that Bush and his colleagues, according to reports from the U.S. Department of the Treasury and FBI, tried to conceal their financial alliance with German industrialist Fritz Thyssen, a steel and coal baron who, beginning in the mid-1920s, personally funded Adolf Hitler's rise to power by the subversion of democratic principle and German law.

Furthermore, the declassified records demonstrate that Bush and his associates, who included E. Roland Harriman, younger brother of American icon W. Averell Harriman, and George Herbert Walker, George W Bush's maternal great-grandfather, continued their dealings with the German industrial baron for nearly eight months after the U.S. entered the war.

After the seizures in late 1942 of five U.S. enterprises he managed on behalf of Nazi industrialist Fritz Thyssen, Prescott Bush, the grandfather of President George W. Bush, failed to divest himself of more than a dozen "enemy national" relationships that continued until as late as 1951, newly-discovered U.S. government documents reveal.

Furthermore, the records show that Bush and his colleagues routinely attempted to conceal their activities from government investigators.

1945: Operation Paperclip: A CIA program to work with and import ex-Nazis into the United State. Prescott Bush partner in treason, Allen Dulles hires Nazi General Reinhard Gehlen and his SS unit to work for the CIA. With Dulles' assent, Gehlen hires former SS, SD, and Gestapo members into the CIA network. Two of Gehlen's early recruits were Emil Augsburg and Dr. Franz Six, who had been part of mobile killing squads, which killed Jews, intellectuals, and Soviet partisans wherever

they found them. Other early recruits included Willi Krichbaum, senior Gestapo leader for southeastern Europe, and the Gestapo chiefs of Paris and Kiel, Germany.

With the encouragement of the CIA, Gehlen Org (Licio Gelli) set up "rat lines" to get Nazi war criminals out of Europe so they wouldn't be prosecuted. By setting up transit camps and issuing phony passports, the Gehlen Org helped more than 5,000 Nazis leave Europe and relocate around the world, especially in South and Central America. There, mass murderers like Klaus Barbie (the butcher of Lyons) helped governments set up death squads in Chile, Argentina, El Salvador, and elsewhere.

These ex-Nazi war criminals form an ongoing criminal network that works closely with the Cabal and CIA.

1953: John Foster Dulles appointed Secretary of State. Allen Dulles appointed Director of the CIA. With money from Brown Brothers and Harriman, George Bush forms Zapata, a front for the CIA.

1961: The Bay of Pigs fiasco. Two of ships were named Houston and Barbara. The CIA code name for the Bay of Pigs was Operation Zapata tying George Bush to the operation.

1963 JFK Assassination/ Coup d'Etat: George HW Bush is a senior planner.

Many people have been killed to prevent knowledge of the existence of the Cabal from becoming public. The Cabal has shown itself to be ruthless and still active. By working to expose the Cabal, I am taking on the risk that they will kill me as they have killed many others. The vast majority of these killings are made to look like accidents or suicides.

Three of the people who have most succinctly explained the workings of the Bush Crime Family are Steve Kangas, Mark Lombardi, and Gary Webb. They were all killed solely for speaking the truth so clearly. Voltaire said, "To learn who rules over you, simply find out who you are not allowed to criticize." In order to stay in power, the Cabal must suppress the truth.

My claims are not overstated. Each statement made in this document has been verified from multiple sources. My claims understate the true depth of corruption because I have only presented those crimes which can be verified from multiple sources.

In order to stop the Cabal, we must speak the truth and risk their wrath. I am doing so, and I ask that you consider my claims carefully. If after examination you consider my analysis sound, I ask that you think of your moral obligations to society. If our democracy is going to thrive, we each have an obligation to speak out against domestic government criminal activity.

One person alone is not strong enough to take on the Cabal, but a community of people cannot as easily be silenced by force. Though they well deserve it, I do not ask for retribution against the members of the Cabal. Fear of retribution has driven them to commit many crimes in the past, and no doubt would in the future. The members of the Cabal perpetually carry with them the fear of discovery. I hope they would welcome a path back to righteous society. A Truth Commission can provide such a path.

I call for a Truth Commission to publicly and openly uncover the horrible secrets buried away behind walls of government secrecy. A Truth Commission would provide an opportunity for all people to come forward and confess crimes related to the Cabal. In exchange the full, true, and open testimony, an amnesty program would wave prosecution for crimes. The appeal of amnesty would create a drive for a mass of related participants to come forward to confess. As these confessions pile up, the core players will be forced to come forward themselves. A Truth Commission could be a very effective way to purge the evil of the Cabal from our system. As hard as it may be to believe, things are so bad in the United States, we need a Truth Commission.
